

Figure 5. Distribution of African Swine Fever outbreak sites in Asia 2018-2019. Sites are shaded green to red by epidemic day (1 [1 August 2018] to 507 [20 December 2019]). Directional ellipses (1 SD) are overlaid, both unweighted (light blue) and weighted (dark blue) by epidemic day. Data was extracted from the World Organisation for Animal Health (https://www.oie.int/wahis_2/public/wahid.php/Wahidhome/Home).
