

(a) Root dryweight of one week-old seedlings grown under 0mM NaCl

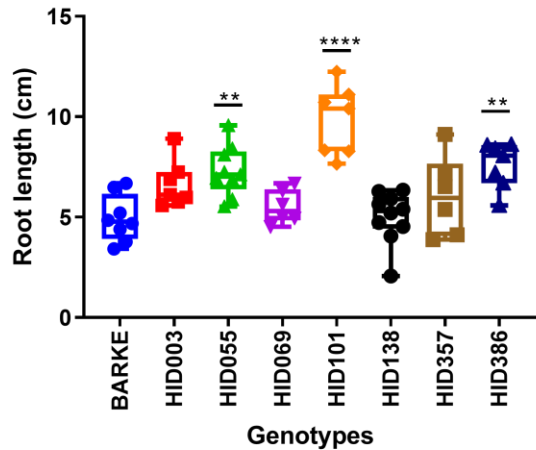

(b) Root dryweight of one week-old seedlings grown under 40mM NaCl

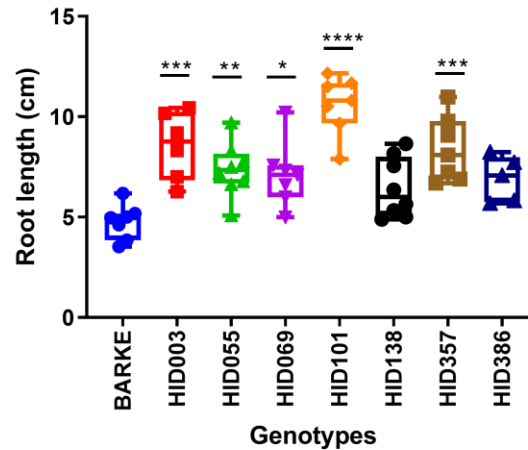

(c) Relative percentage of root biomass under 40mM NaCl (S/C)

(d) Longest root length of one week-old seedlings grown under 0mM NaCl

(e) Longest root length of one week-old seedlings grown under 40mM NaCl

(f) Relative percentage of total root length under 40mM NaCl (S/C)
