

Applications to use EvaluateUR at:
https://serc.carleton.edu/evaluateur/application_2018.html

- Acquire reliable data to support campus assessments and funding requests
- Can be useful in recruitment and retention of students
- Opportunities to publish/present on their program at professional meetings and in journals
- EvaluateUR supports high-quality mentoring relationship between students and mentors
- In REU programs this could contribute to students' ratings of their relationship with their mentor, students' overall program ratings, students' scholarly output resulting from the REU, and decisions to pursue graduate school
